OVERVIEW

The financial arm of Southeast Asia's top super-app, offering GrabPay, insurance, lending, and wealth management services across multiple SEA countries.

MISSION & PURPOSE

To drive financial inclusion across Southeast Asia by leveraging Grab's massive driver and merchant network.

NOTABLE IMPACT

"Grab successfully launches digital bank in Singapore. They parlayed their massive ride-hailing user base into a sticky financial ecosystem, offering micro-loans to drivers who previously had no credit history."

FOUNDER PROFILE

Anthony Tan and Tan Hooi Ling. They expanded their core ride-hailing business into payments to reduce cash friction for their drivers and eventually scaled it to consumers.
