OVERVIEW

Papara is a Turkish financial technology company providing a borderless, fast, and free financial super-app and prepaid cards for the unbanked and digital natives.

MISSION & PURPOSE

To provide competitive and user-friendly financial services to everyone, independent of traditional banks.

NOTABLE IMPACT

"Papara reaches unicorn status without external VC funding. Known for capturing the Gen Z market in Turkey by eliminating hidden banking fees."

FOUNDER PROFILE

Ahmed F. Karslı. A visionary entrepreneur who bootstrapped the company to profitability, focusing fiercely on user experience and regulatory compliance.
